A man willing to serve by giving of himself . . . known for his friendly manner and understanding nature . . . displaying his concern for others through teaching and coaching. For him, dedication is not just a word but a pattern of life.

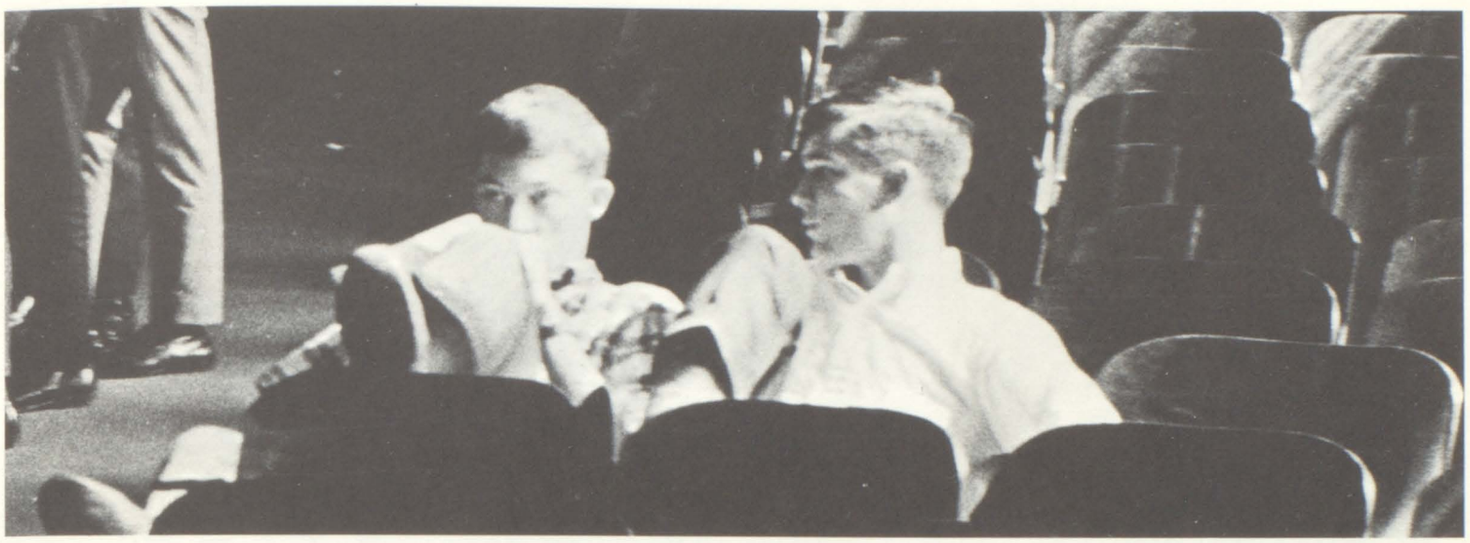

COACH ARNOLD DE LA PERRIERE

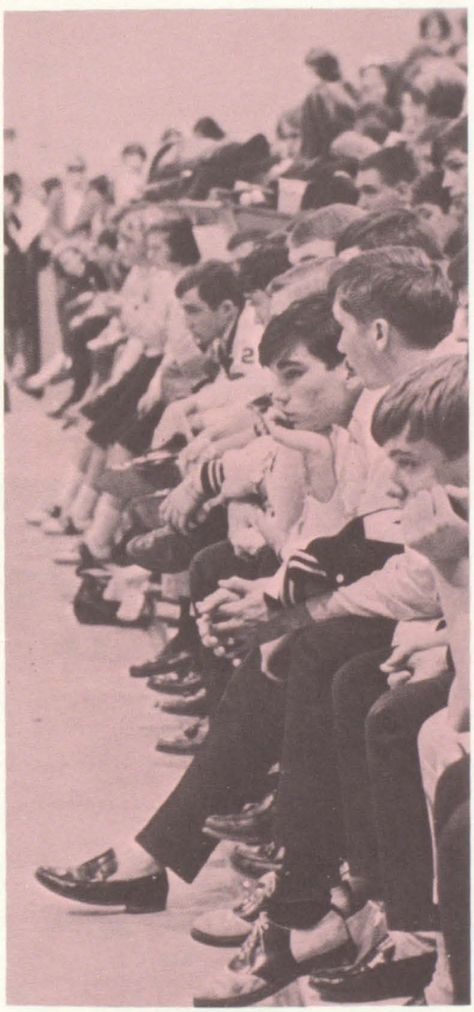

"I am a part of all that I have met;
Yet all experience is an arch wherethrough
Gleams that untraveled world whose margin fades
Forever and forever when I move."

Alfred, Lord Tennyson

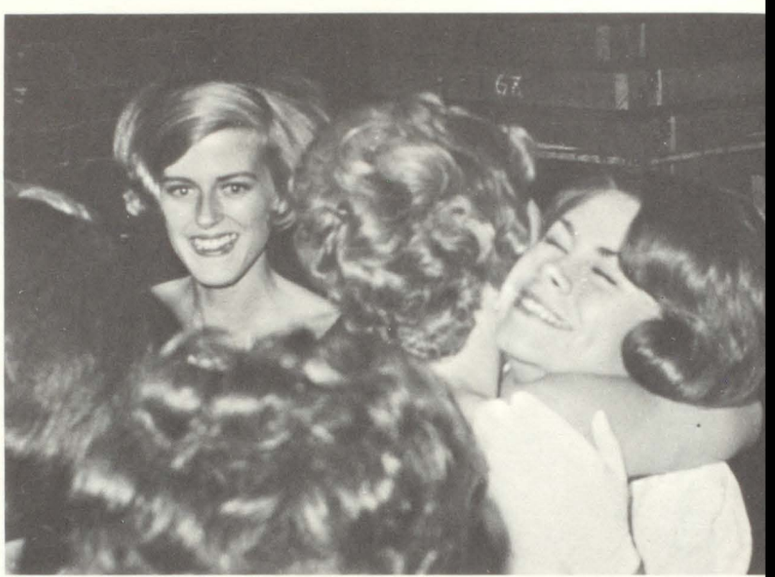

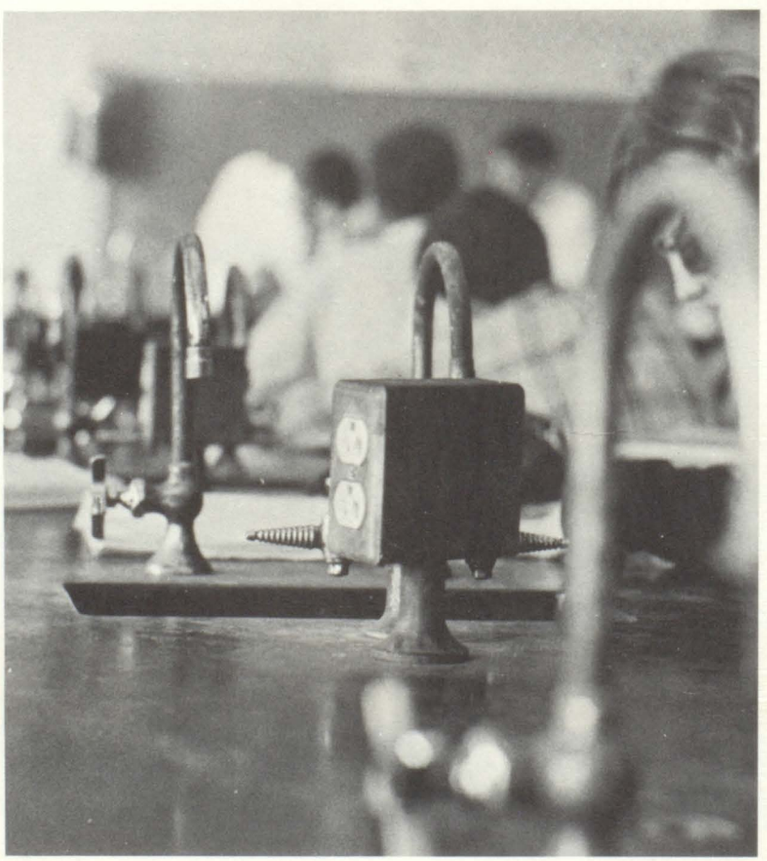

One day follows another, so we live life in that order. Where is the meaning in this pattern? Happenings that touch us, persons we meet– every element of our surroundings enters into the composition of this intricate pattern.

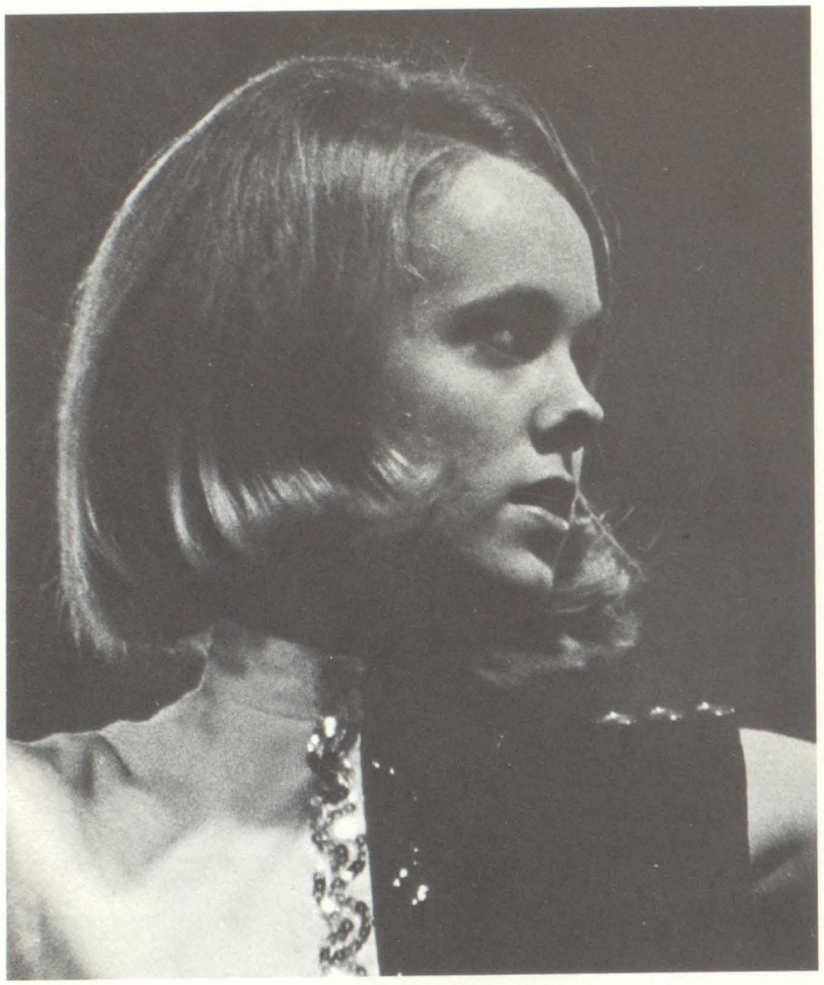

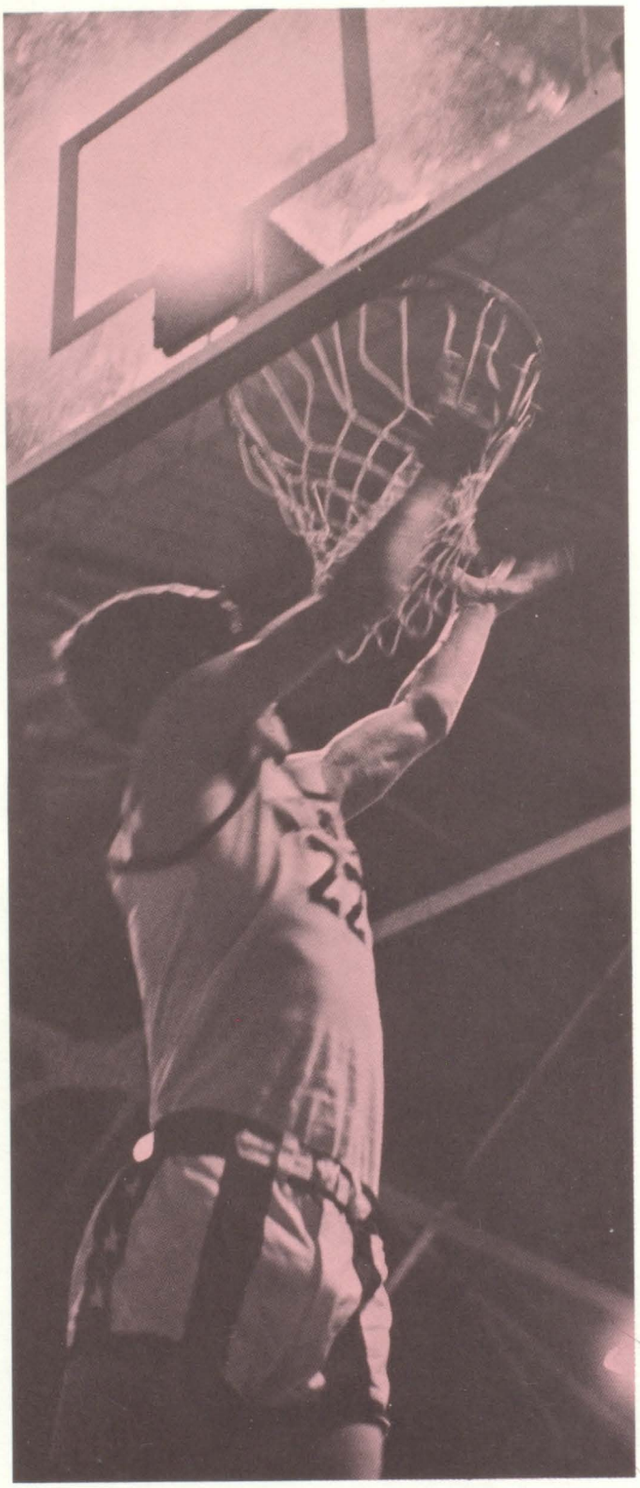

The great happenings and decisions in our lives create a need for a pattern to follow. Yet, the little incidentals—moments of joy, realization, achievement—make the journey worthwhile.

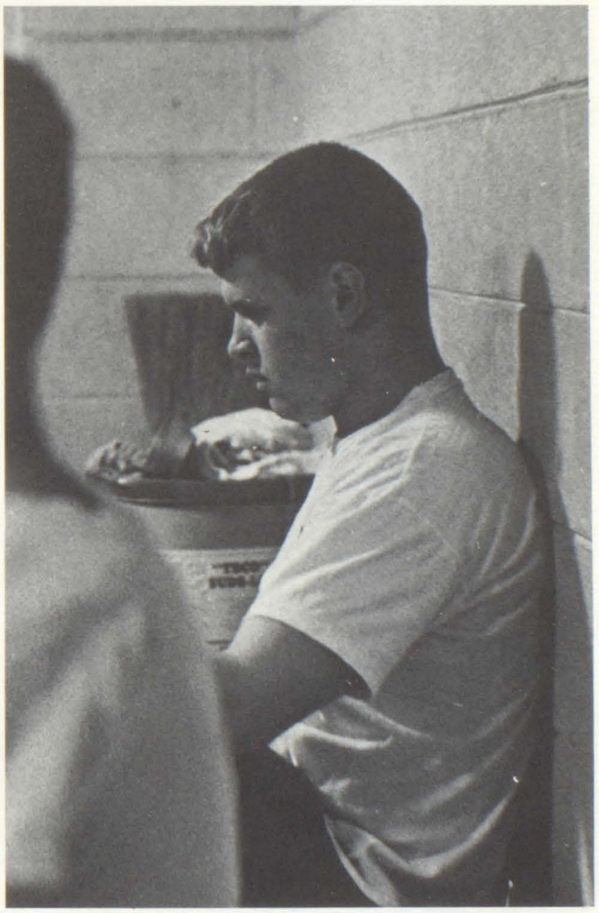

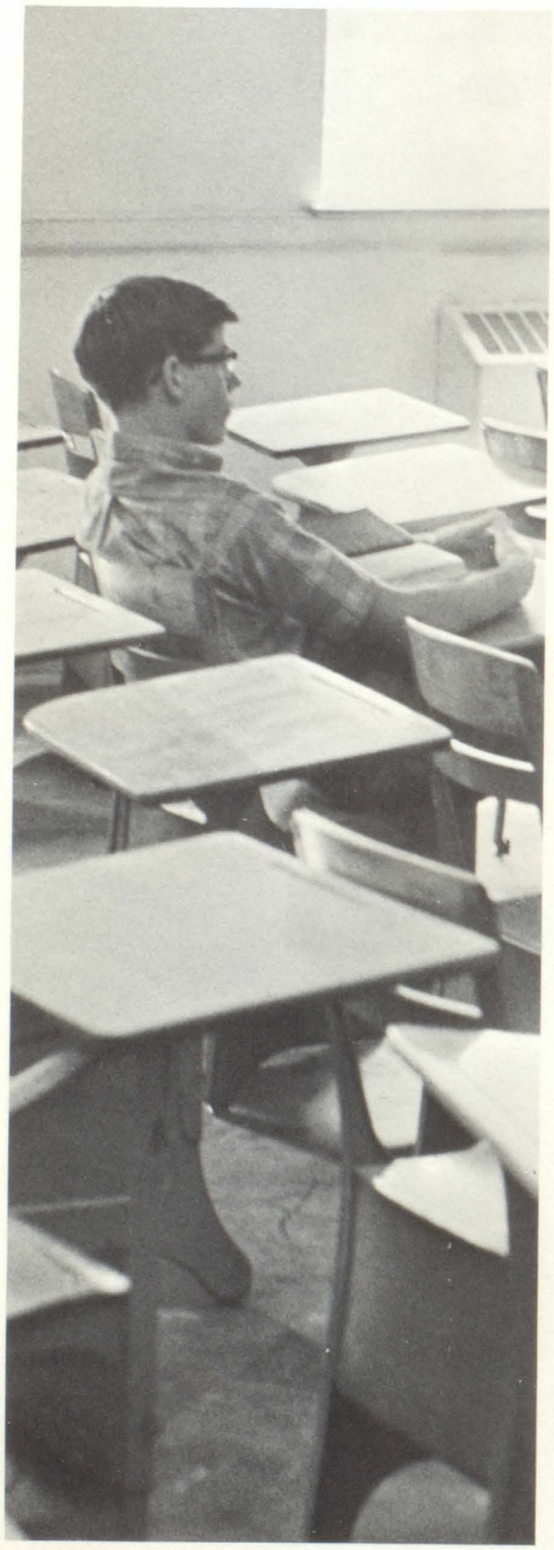

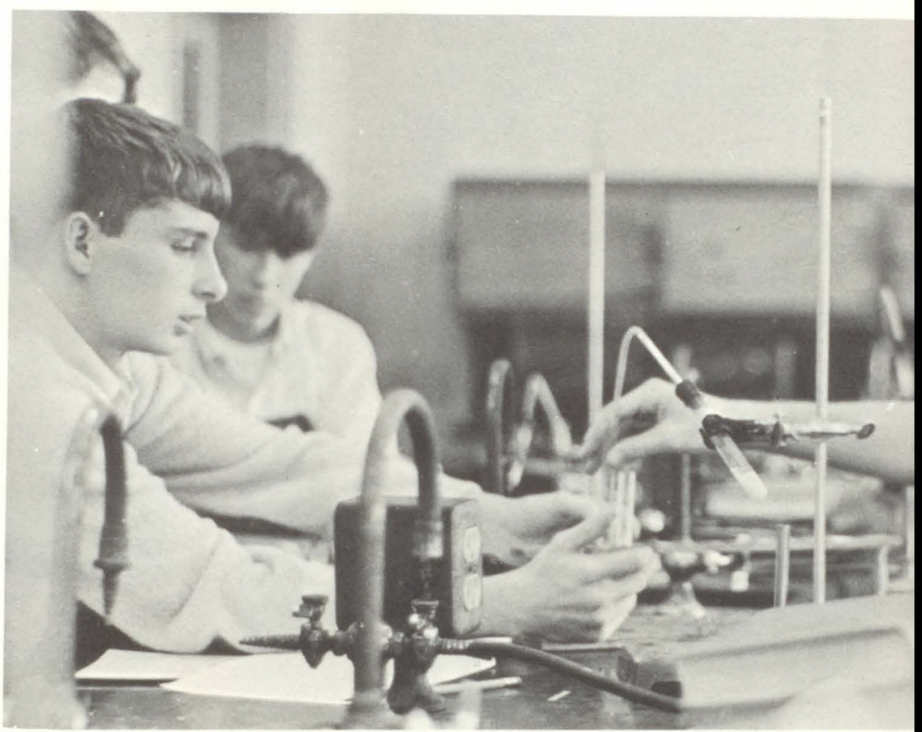

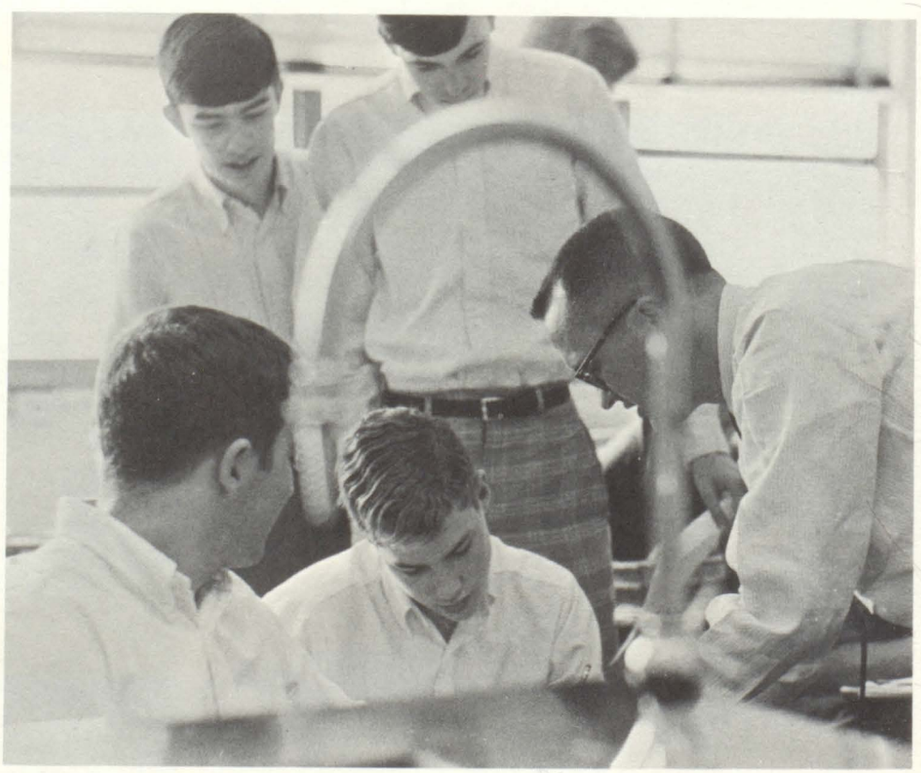

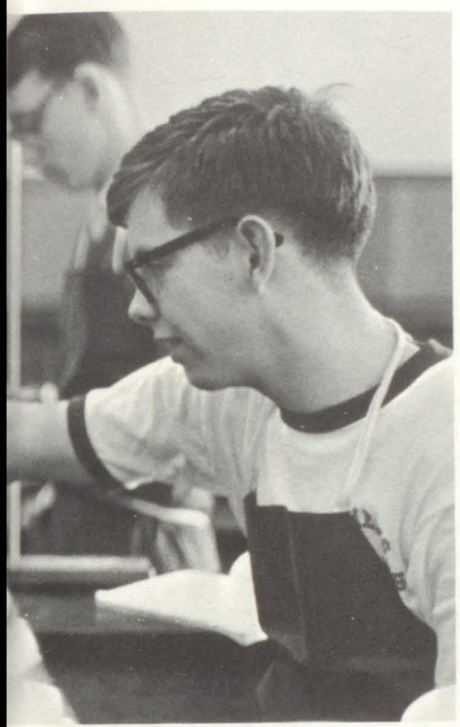

Adhering to the well-worn pattern offers security–a definite sense of belonging. Yet, along the pathway we realize that a certain amount of deviation is good–for it is in this manner that the individual emerges.

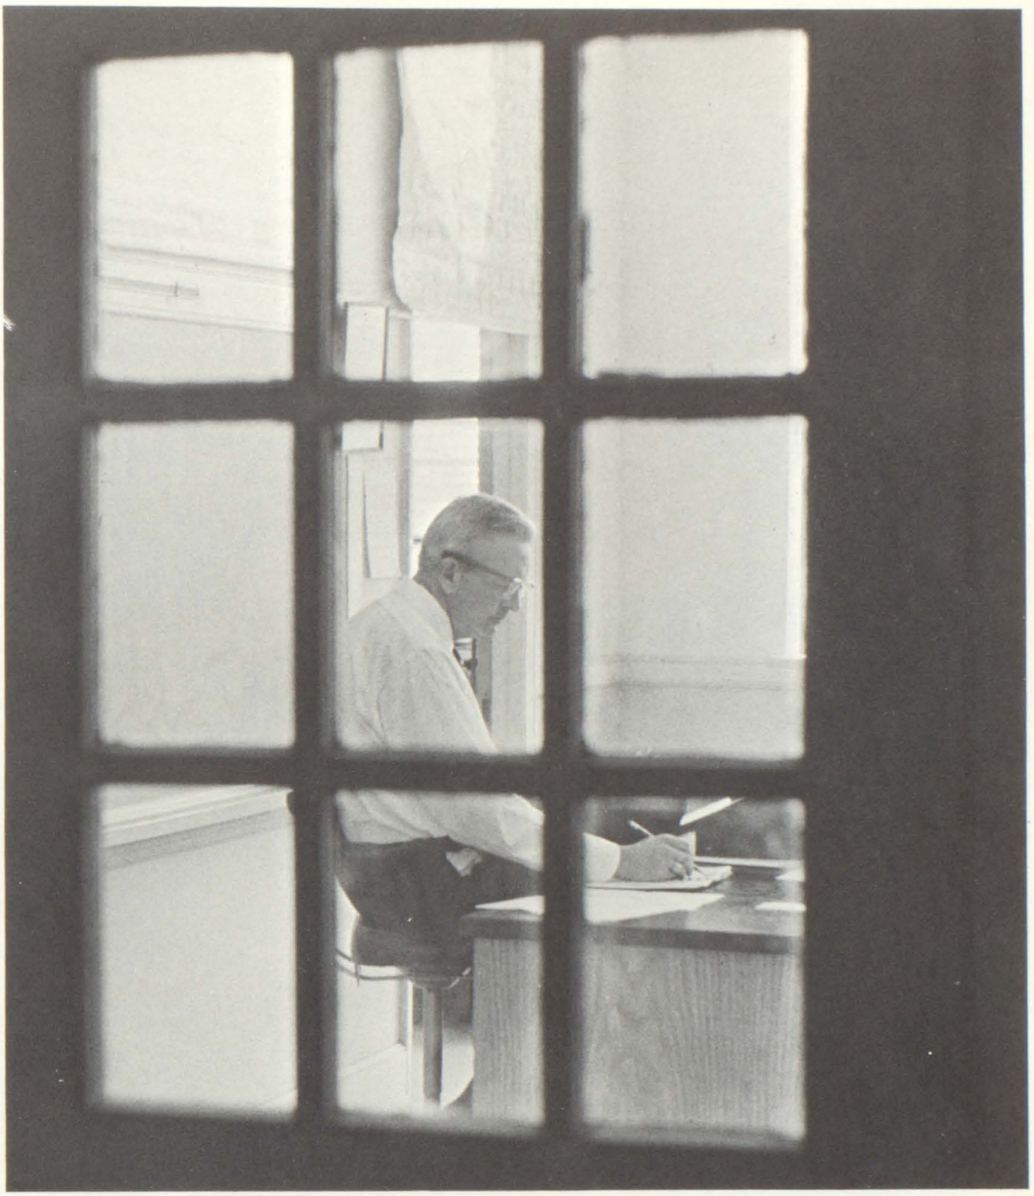

In these days of youth, curiosity penetrates all corners of our existence. Our teachers guide us in our quest for understanding. Yet, it is the responsibility of each student to take advantage of the many opportunities along the road to wisdom.

Spirit is the force that drives us . . . unites us. Enthusiasm pushes and pulls us. We are enthralled by our desire to make AHS notably the best. We make it evident that we are proud to be TROJANS.

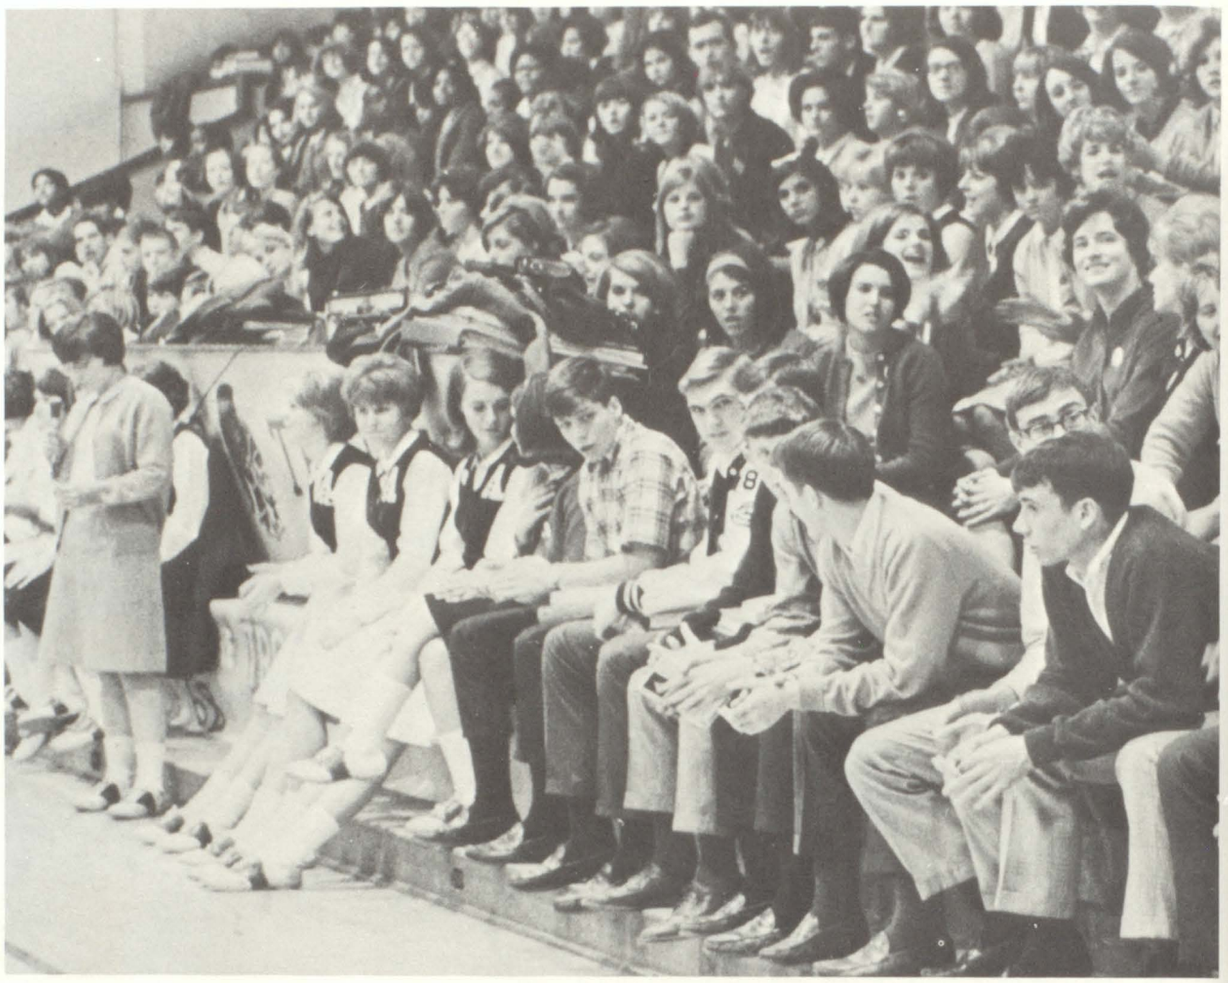

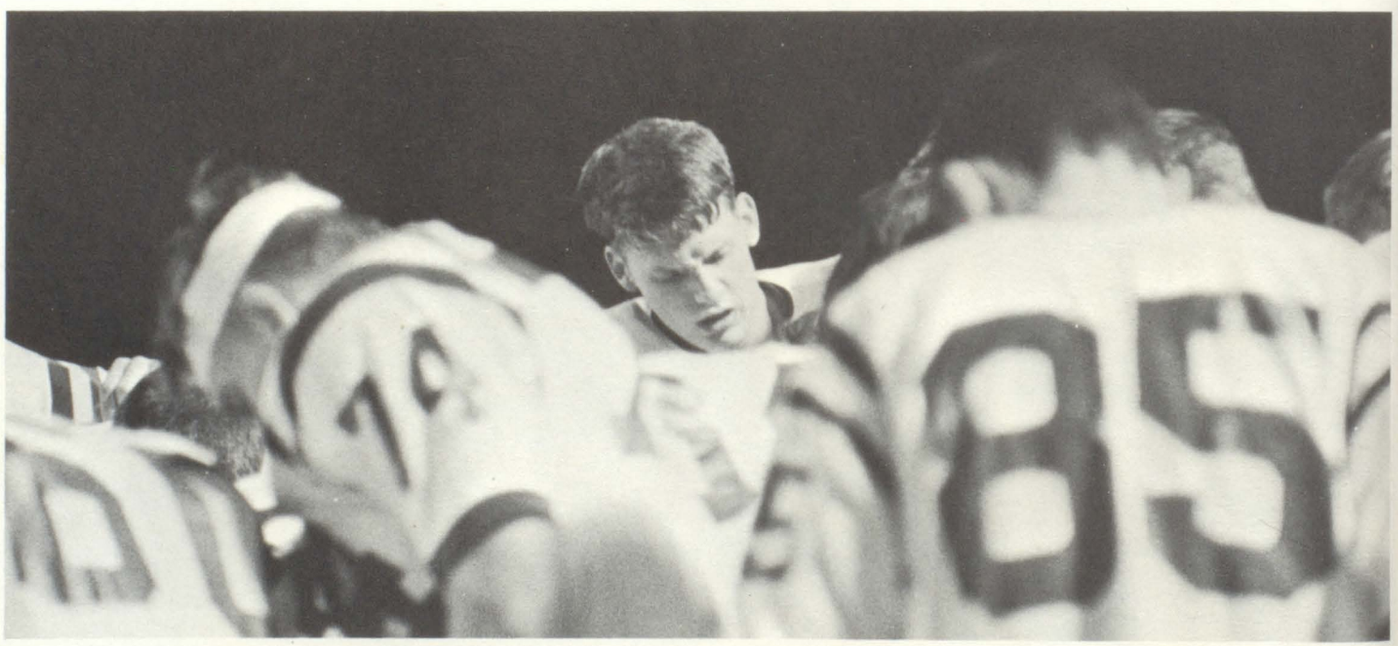

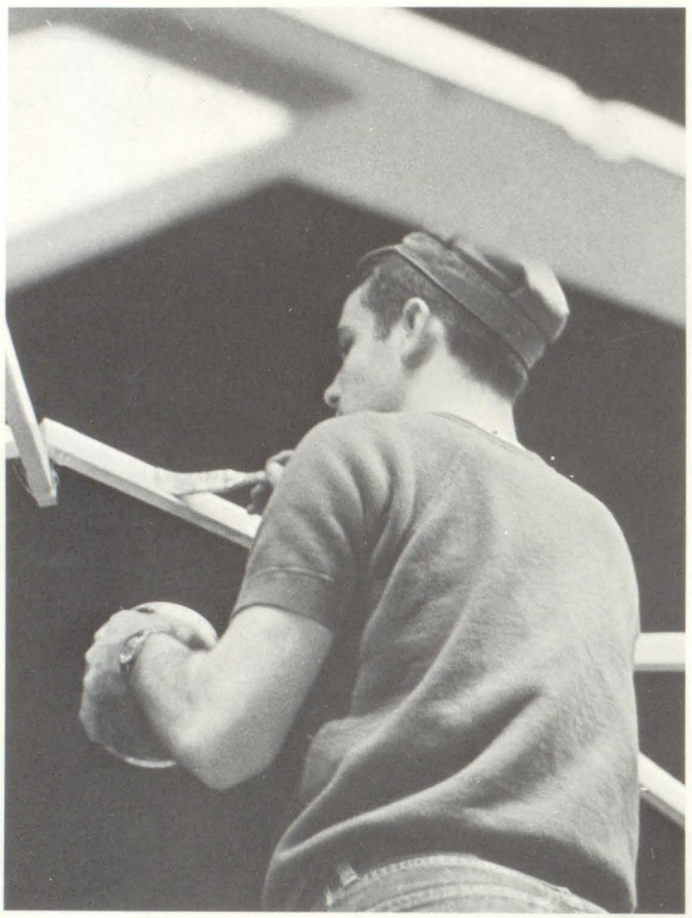

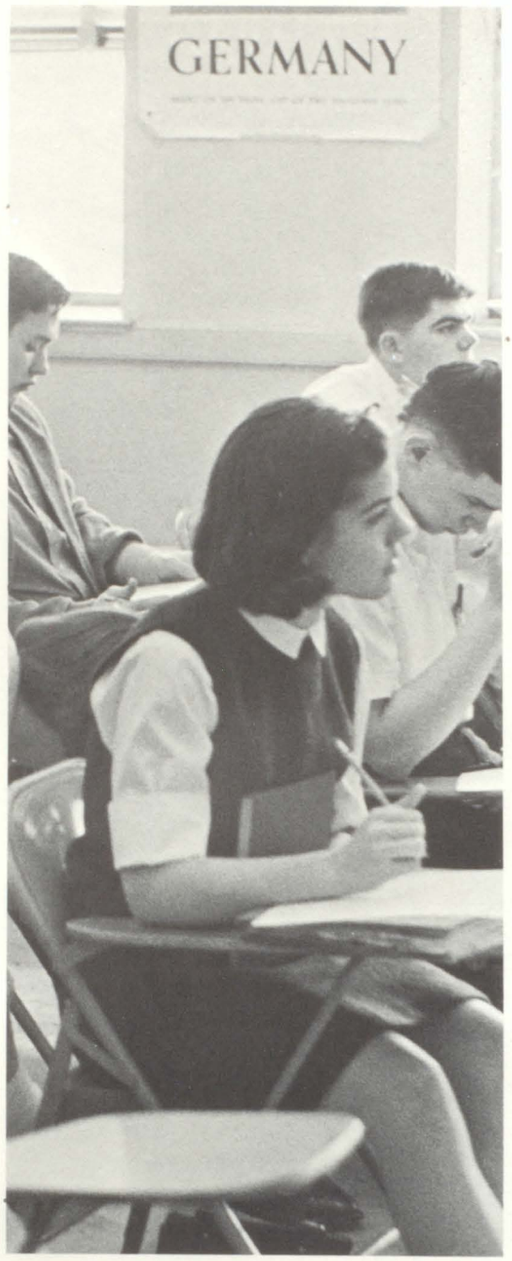

85

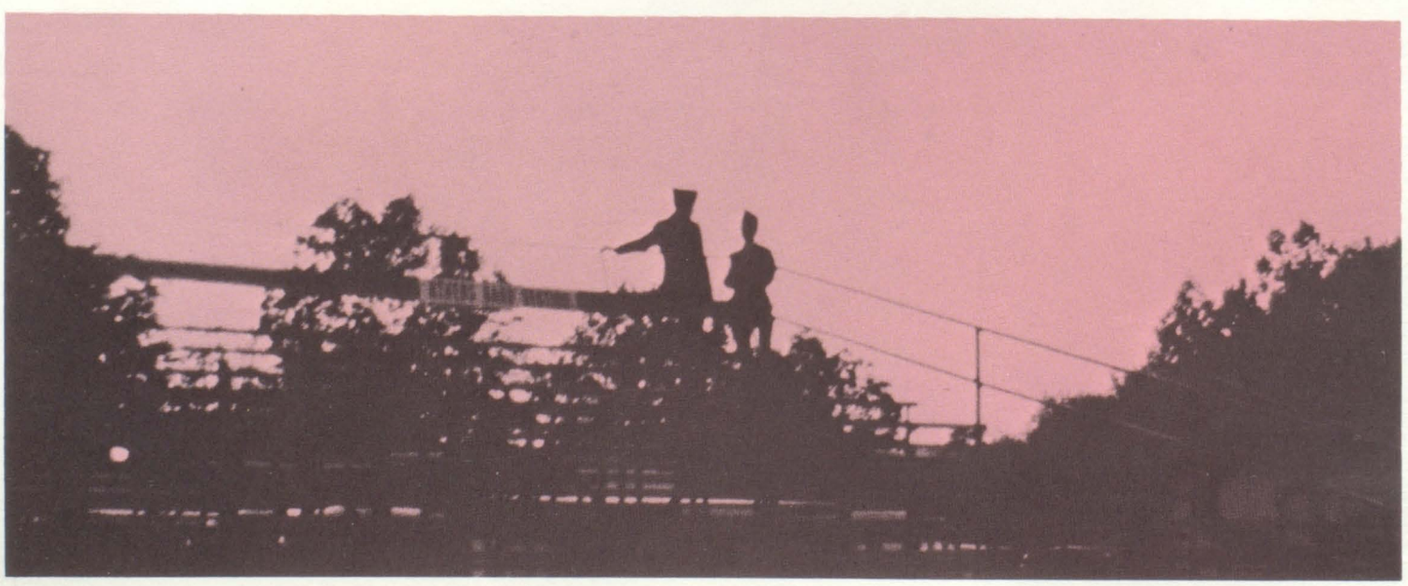

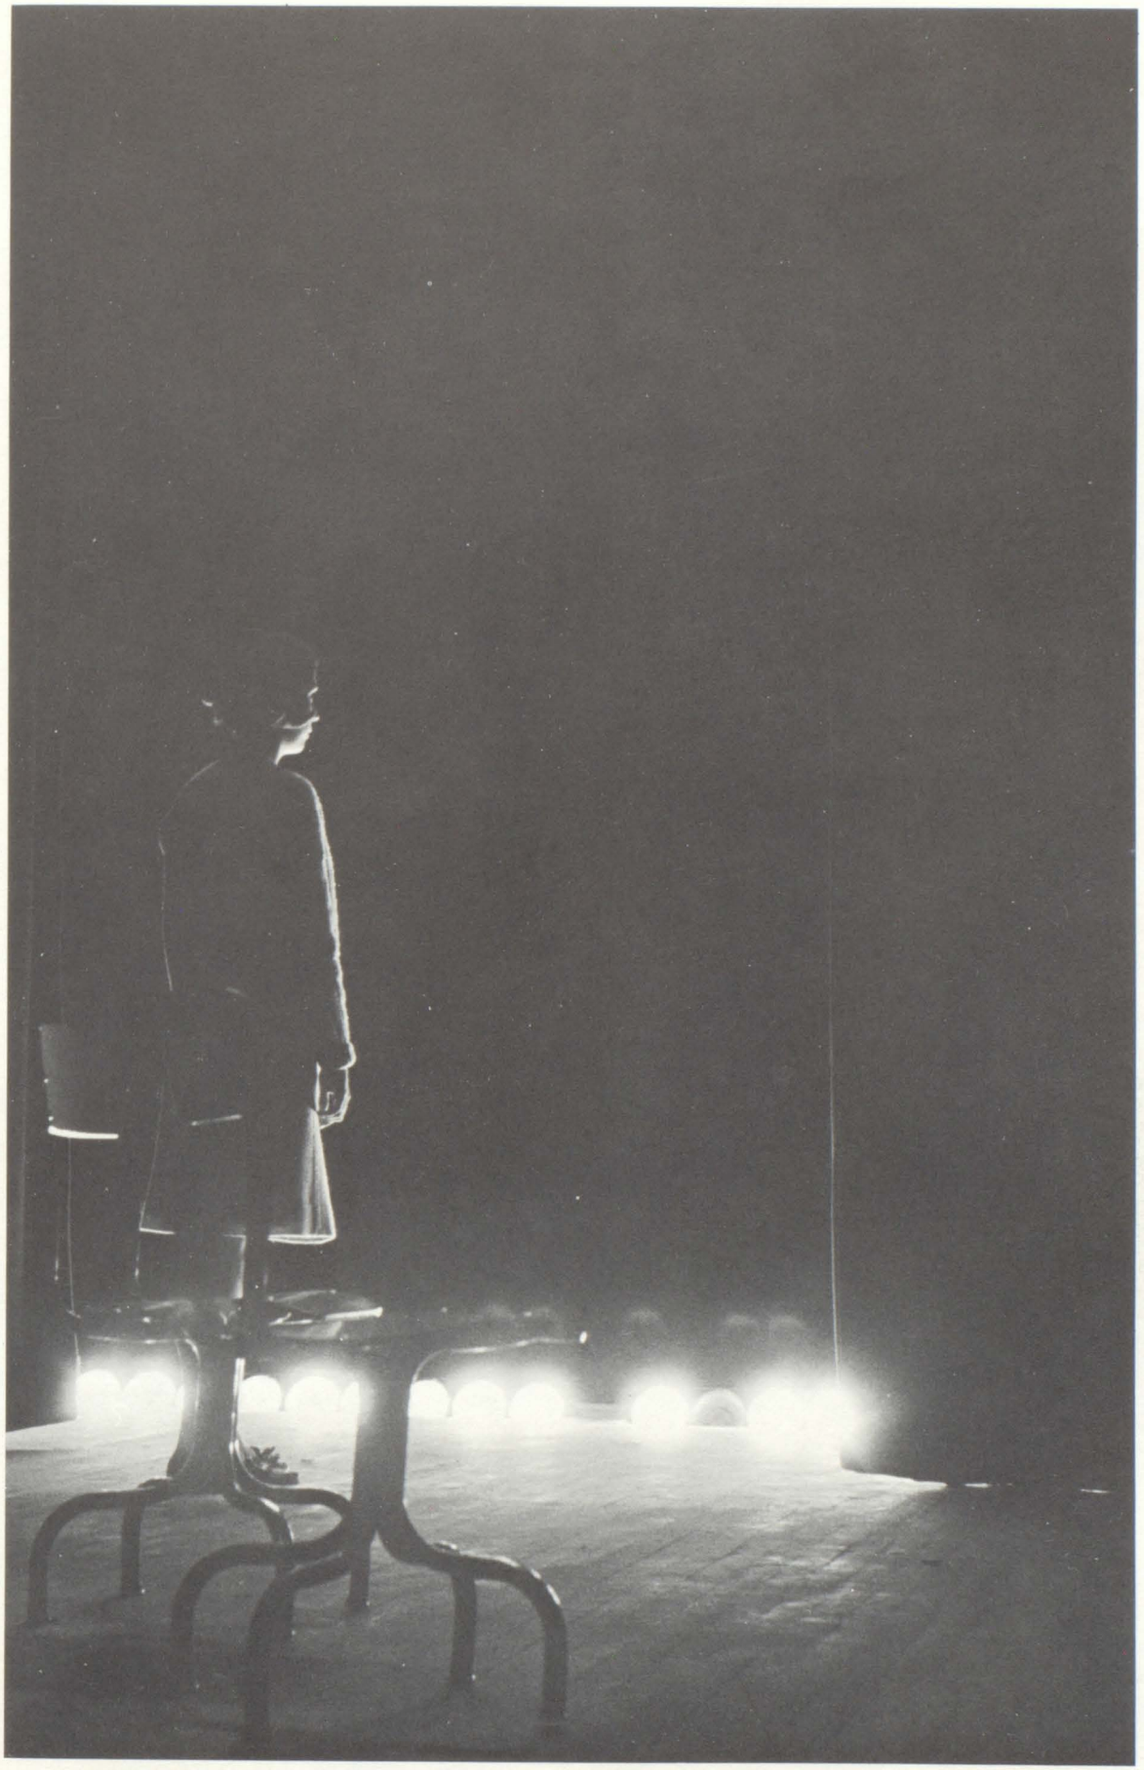

Activities are the bonds that hold the group together—allowing the individual to further his own interests and satisfy his needs. The activity is strengthened by the special talents that each of us has to offer.

GERMANY

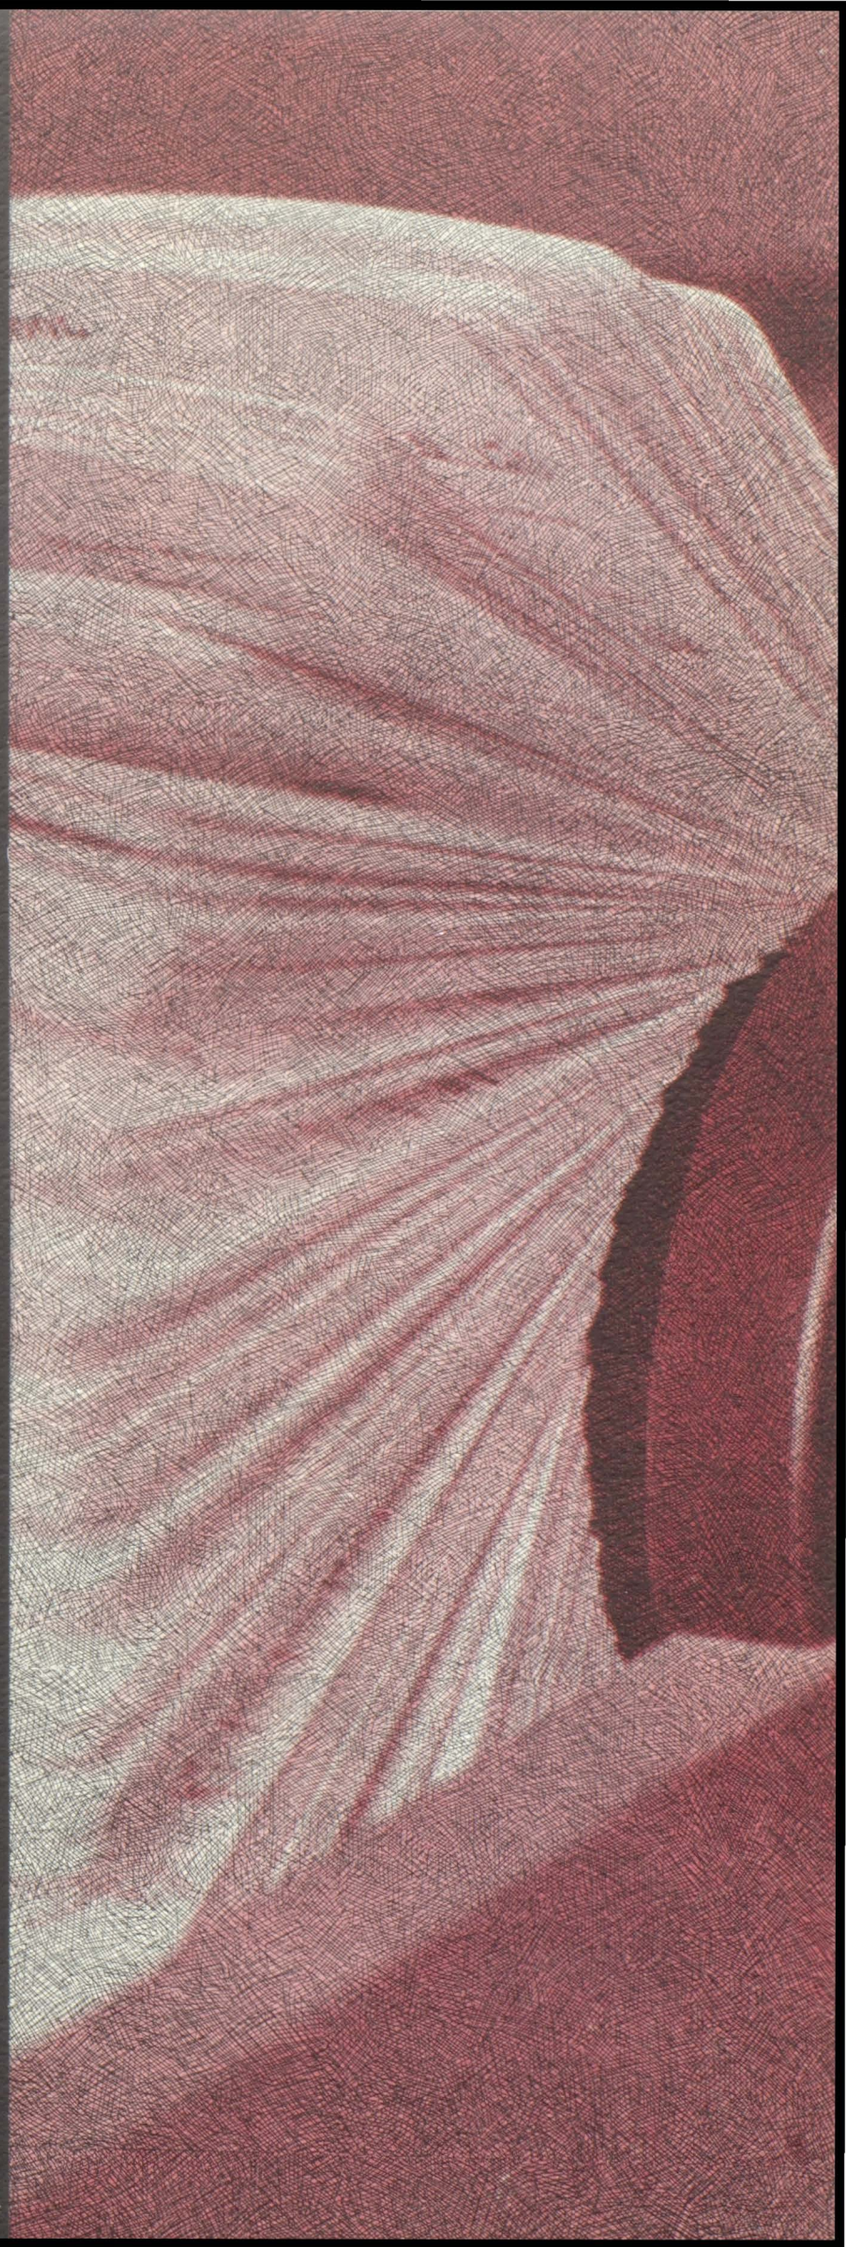

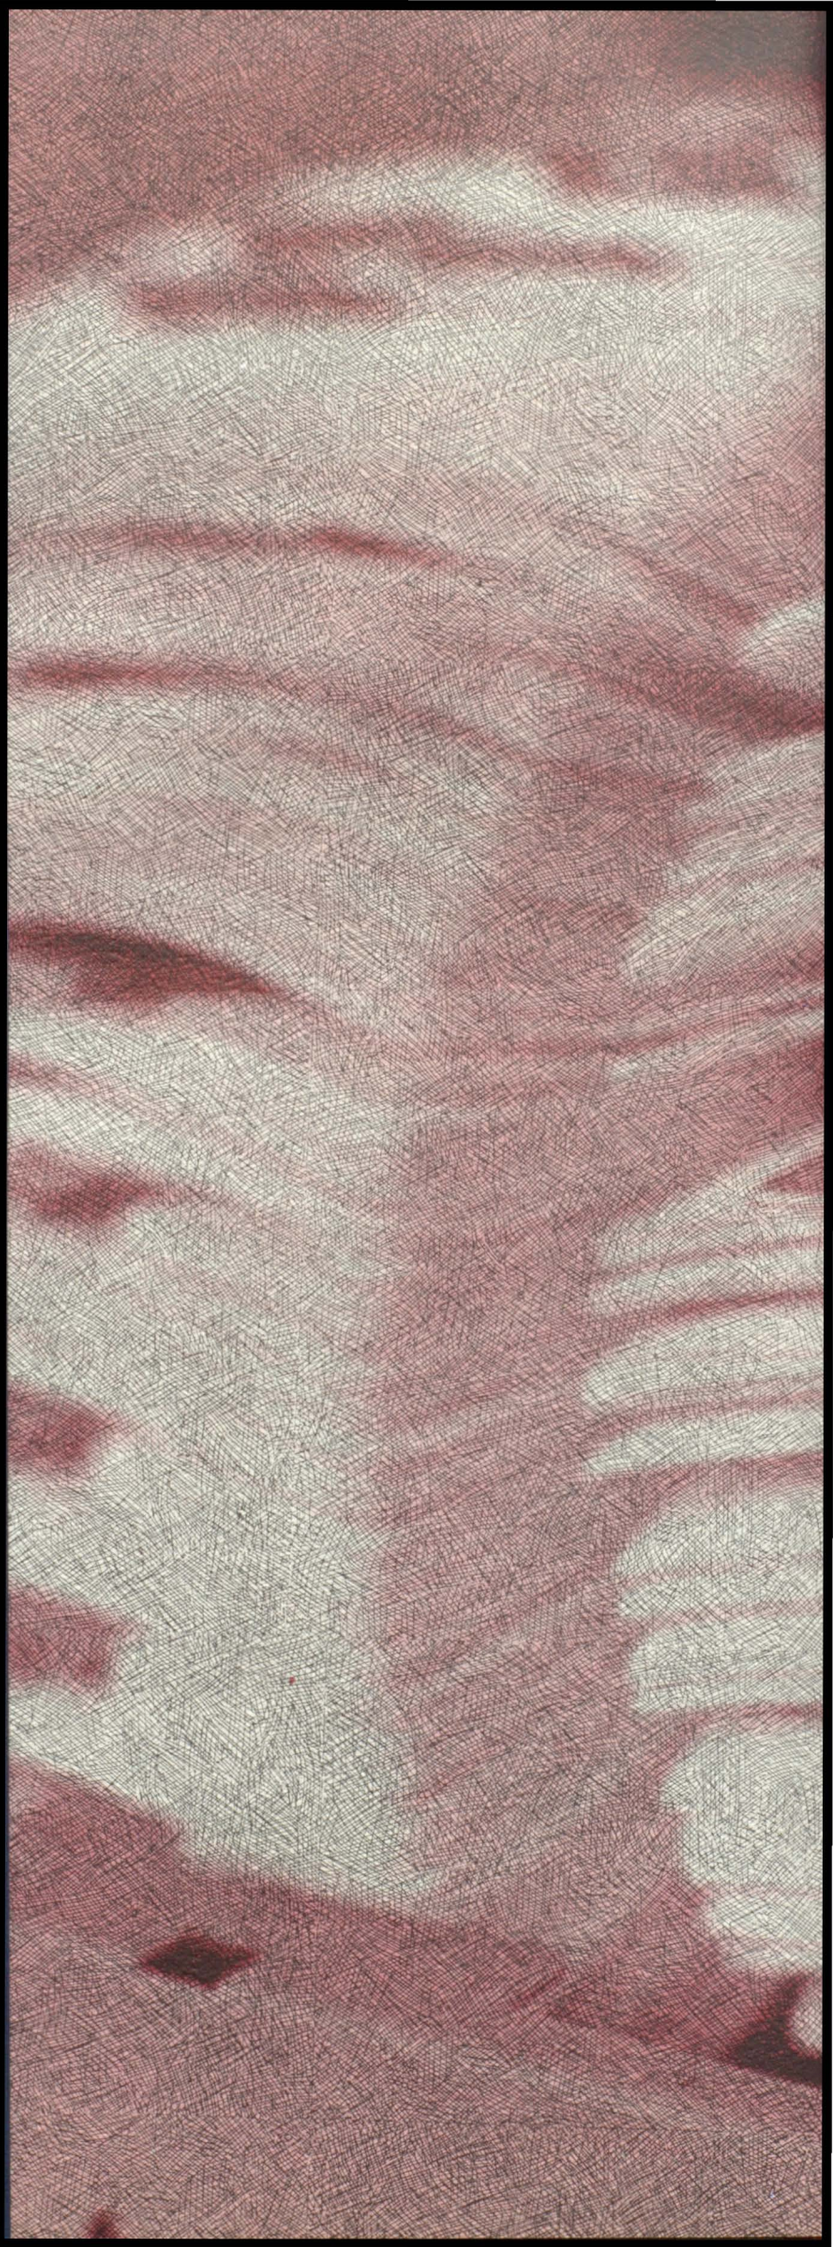

"So many worlds, so much to do,

So little done, such things to be . . ."

No coy compromises . . . these are real moccasins. Superb. Authentic. In fact, if you possess a pair of rather undainty feet, there' no difference at all . . . except the name! &D DIVISION OF McCALL CORPORATION

Days of new happenings, hours of joy and discovery, moments unique . . . the year 1967. When this year began, it was but a bright, yet uncertain, dream—one which seemed almost out of reach. Making 1967 renowned for its greatness was our common aspiration. With our minds constantly gaining knowledge from the past and experience from the present, we advanced confidently, but with a certain amount of impatience, in the direction of our dreams.

This was the beginning of a new era at AHS. A surge of earnest and sincere endeavors brought new life to two glowing words which had nearly faded from existence. Our exhilaration and enthusiasm made School Spirit part of ourselves—and also a symbol of our greatness.

All the activities of this year had a new meaning because we were involved . . . they were a part of us. Working together we learned that happiness is not perfected until it is shared.

Each of us hoped to meet with personal accomplishment. We searched for meaning in life and for a goal upon which to build the future. We realized a new dimension of success: that the things which are most excellent in life are the most difficult to achieve and the most rewarding to obtain.

Tomorrow our aim is to find success individually as we have known it together this year.

"To fulfill the dreams of one's youth; that is the best that can happen to a man. No worldly success can take the place of that." Willa Cather
